Teacher of Science

We are seeking to appoint a talented and enthusiastic teacher of Science to create innovative and exciting learning opportunities. We would welcome applications from both experienced colleagues and new teachers. For the right person, the post could be adapted for either a dedicated and professional experienced colleague wishing to further their career or an enthusiastic and committed teacher new to the profession. You will be able to plan, deliver and assess lessons across all aspects of the KS3 and KS4 Science curriculum. We are an incredibly ambitious academy located in the beautiful surroundings of the Fowey Estuary in Cornwall. We do things differently, on purpose and aim to be the school of choice in the local area.

We are Leading Edge and we are expanding and evolving fast. Please visit our website www.leadingedgeacademies.org for further information.

Applications are welcome from colleagues who have a deep knowledge of their subject area. We want you to show us that you understand how concepts, content and knowledge is organised and delivered; we want to know that you are up-to-date with what expert colleagues and specialist organisations are saying and it is really important that you are passionate about sharing this with colleagues and students.

Our Science team is housed in four specialist laboratories, soon to be completely modernised, and is supported by a well-qualified laboratory technician. There is a strong focus on practical learning in Science.

Is this post the right one for you? It is if:

- you are someone who can think critically about pedagogy and specialist-specific approaches
- you are ambitious for students as well as yourself
- you value and use research to extend your own repertoire in order to develop and coach others
- it is your practice to use a wide range of pedagogical approaches because you can see their relevance in different contexts
- you can articulate and justify the reasons why each might be used.

Specifically, we are interested in skilled practitioners who appreciate and understand the preconceptions and misconceptions students may have about a topic/area of study. Successful candidates will be able to show that they not only have a clear understanding of possible barriers to learning, but that they know how to select and use appropriate strategies to overcome these, especially for students with SEND and for those from disadvantaged backgrounds.

Fowey River Academy embraces the use of new technologies, providing 1:1 iPad devices for each child and an iPad and MacBook for each member of staff. We would welcome applicants who are innovative in their use of IT and can develop their use as a strategy to raise standards across the curriculum.

An application form and information pack are available via our academy website or on request by telephoning the academy.

Closing date for applications: noon Friday 2nd May 2025

Interviews: w/c 5th May 2025

Start: September 2025

Leading Edge Academies Partnership is committed to safeguarding and promoting the welfare of students and expects all staff to share this commitment

Please return completed application forms to Claire Grist at Fowey River Academy, Windmill, Fowey, PL23 1HE. The successful candidate will be subjected to reference checks with previous employers and an enhanced DBS disclosure check.

Welcome

Dear Applicant,

Thank you for your interest in this post. We hope that this letter and the attached information helps you to understand that we are working hard to make our academy stand out from the crowd; we intend to become a school of choice in the local area.

To achieve this, Fowey River Academy is evolving fast and we are currently partway through a £4.6million refurbishment of the school, funded by the DfE, to make our facilities even more outstanding. The science laboratories form a core part of this project.

We are part of the Leading Edge Academies Partnership Multi Academy Trust. You will be working for an employer who is absolutely committed to developing talent in staff, innovating curriculum delivery and ensuring that students soar and thrive. You are encouraged to view the MATs website, www.leadingedgeacademies.org.

We firmly believe in the idea that everyone is capable of excellence - the first attempt at something is just that, a first attempt. We believe that failure only occurs when you stop trying or there are insurmountable barriers.

We are all empowered to make a difference in terms of the academy's ability to address its core purpose. We encourage creative thinking to challenge and inspire both students and staff alike.

Therefore, the people we appoint are key to our future and, unsurprisingly, we are very clear about the type of colleagues we now need.

The Science team need a committed colleague who can assist with developing a 21st Century curriculum.

We love innovators and teachers who are able to model perseverance, enquiry and endeavour and so:

You will be multi-skilled and able to move effortlessly between being a team member who is a genuine collaborator, to an independent expert in your field.

You will be positive, enthusiastic and inspirational to those working with and around you.

You will be a creative practitioner who wants to share your talents to develop others.

Our students are amazing, but they do not always see the endless possibilities that are out there in the Big Wide World. We need teachers who know how to open eyes, minds and hearts. They readily commit to those who commit and genuinely care for them.

We have a strong sense of what we are about: 'We are Fowey' and I would like to explain to you our philosophy and approach.

FRA believes in a growth mind-set. Intelligence is not fixed and can and will be grown and nurtured. Our philosophy, as part of Leading Edge, promotes exploration and discovery. We are committed to the idea that everyone is capable of excellence - the first attempt at something is just that, a first attempt. We believe that failure only occurs when you stop trying or there are insurmountable barriers. We require a Science Teacher who is determined to remove barriers.

Our philosophy is to teach students to persevere in order to master academic knowledge and skills; we need to teach them how to be resilient when faced with a challenge.

Our Science faculty is a dedicated, professional and committed team who share a mutual passion to deliver high quality learning experiences for our classes. We believe that Science is a pivotal subject that provides the foundation for success: both in school and in the real world.

We are seeking someone who can bring an additional dimension to our established, multi-talented and collaborative team. We desire a new colleague who can bring fresh strategies to allow us to help build successful outcomes and futures for our students. In return, we will

provide a supportive, positive set of colleagues with whom you can share and develop new pedagogical approaches.

So, is FRA the right place for you?

It is if...

- You like change because you understand that it develops you – and you don't want to be someone who stands still.

It is if...

- You want to get excited about possibilities, develop pedagogy and up-skill, constantly.

It is if...

- You are the sort of person who insists that learning is memorable and fun.

It is if...

- You are committed to working hard to give our students the education and care they deserve

It is if...

- You always put your students and your colleagues before yourself

We admire people who have got themselves out there and are innovators in education. These are the people who will bring world-class ideas that work, to beautiful Mid-Cornwall and change lives. Secondary education is a key stage in the life and development of each young person and we aim to work together with parents and carers to support the children; enabling them to develop and grow within our community and in building together a real sense of identity within Fowey River Academy.

The academy is committed to a leadership approach at all levels. We are all empowered to make a difference in terms of the academy's ability to address its core purpose. We encourage creative planning to challenge and inspire both students and staff alike.

If this excites you and you want to work hard with us to develop your career, then we would love to hear from you.

Yours sincerely,

Mr B Eddy
Headteacher

Notes to Applicant

Dear Applicant,

Application

If you wish to apply, please either email your application to Claire Grist, PA to the Headteacher at cgrist@fracademy.org (copies of all the details are available online on our website under the 'Vacancies' section), or post your completed application form to the address below, together with a covering letter, clearly demonstrating your suitability for the role.
